Observing and identifying the bees in our gardens can be fun and challenging. Topics include:

• Bee anatomy for beginners: what makes a bee a bee
• Identifying bees in flight and in the garden
• View and identify bees in the Haven
• ID guides for sale at the class or bring your own:
  * California Bees and Blooms, Heyday Press
  * The Bees in Your Back Yard, Princeton University Press

Enrollment limited to 25. Registration fee of $40.

Instructors:
Christine Casey, Ph.D., Häagen-Dazs Honey Bee Haven
Robbin Thorp, Ph.D., UC Davis Department of Entomology and Nematology
